

**MODULE / SYLLABUS**

EDUCATION CYCLE 2024-2027

<b>Module/subject name:</b>	<b>ANESTHESIOLOGY AND NURSING IN LIFE-THREATENING CASES</b>	
<b>Direction:</b>	<b>NURSING</b>	
<b>Level of study*:</b>	<b>1st degree (bachelor's degree)</b> II degree (master's degree)	
<b>Education profile:</b>	<b>practical</b>	
<b>Type of studies*:</b>	<b>stationary/</b> part-time	
<b>Type of classes*:</b>	mandatory <input checked="" type="checkbox"/> complementary <input type="checkbox"/> optional <input type="checkbox"/>	
<b>Year and semester of study*:</b>	Year of studies*: I <input type="checkbox"/> II <input type="checkbox"/> III <input checked="" type="checkbox"/> X	Semester of studies*: 1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 <input type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/> 6 <input checked="" type="checkbox"/> X
<b>Number of ECTS credits assigned</b>	<b>7.5</b>	
<b>Language of instruction:</b>	<b>Polish</b>	
<b>PSW Department Name:</b>	<b>Faculty of Health Sciences</b>	
<b>Contact (phone/email):</b>	tel.55 279 17 68 e-mail:dziekanat@psw.kwidzyn.edu.pl	
<b>Type of module/subject related to vocational training*:</b>	<ul style="list-style-type: none"> <li>• basic science <input type="checkbox"/></li> <li>• social sciences and humanities <input type="checkbox"/></li> <li>• teaching the basics of nursing care <input type="checkbox"/></li> <li>• <b>teaching in the field of specialist care X</b></li> <li>• <b>practical classes X</b></li> <li>• <b>professional practice X</b></li> </ul>	
<b>Person responsible for the module/subject:</b>		
<b>Person(s) in charge:</b>	According to the study plan	
<b>Forms of student workload</b>		<b>Student Load (number of teaching hours)</b>
<i>Contact hours with an academic teacher (according to the study plan)</i>		
Lectures (W)		<b>15</b>
Seminar (S)		
Conversations		
Exercises (C)		<b>15</b>
Practical classes (PK)		<b>80</b>
<b>BUNA - independent student work</b> (according to the study plan)		<b>10</b>
Student workload related to professional practice (according to the study plan)		<b>80</b>
<b>Total student workload- total number</b>		<b>200</b>
<b>Number of ECTS points per subject/module</b>		<b>7.5, including 0.5 BUNA</b>
<b>Teaching methods</b>	<ul style="list-style-type: none"> <li>• lecture,</li> <li>• exercises, medical simulation, clinical case analysis,</li> <li>• practical,</li> <li>• professional practice,</li> <li>• self-education</li> </ul>	
<b>Objectives and purpose of the course</b>	— Gaining knowledge about the etiopathogenesis, clinical symptoms, course, treatment, prognosis and principles of nursing care in selected diseases.	

	— Familiarization with the principles of diagnosis and planning of patient care in intensive care.		
<b>Teaching tools</b>	Multimedia board and projector, boards. Medical teaching aids (medical phantoms and simulators, trainers and models, including anatomical models). ZP partially implemented in CSM in accordance with the schedule of practical education in simulated conditions.		
<b>Prerequisites:</b>	Basic knowledge of social sciences.		
<b>Learning outcomes matrix for a module/subject in relation to the methods of verifying the achievement of the intended learning outcomes and the form of implementation of didactic activities</b>			
Symbol learning effect	A student who passes a module (subject) knows/understands/is able to:	Methods of verifying the achievement of intended learning outcomes	The form of teaching activities * enter symbol
D.W3.	Explains the principles of diagnosis and planning of patient care in internal medicine, surgical, obstetrics and gynecology, pediatric, geriatric, neurological, psychiatric, intensive care, palliative care, and long-term care nursing.	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	W/C/BUNA
D.W4.	Presents the types of diagnostic tests and the principles of ordering them.	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	W/C/BUNA
D.W10.	Knows the principles of organizing specialist care (geriatric, intensive care, neurological, psychiatric, pediatric, internal medicine, surgical, palliative, long-term and operating theatre).	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	W/C/BUNA
D.W18.	Presents methods, techniques and tools for assessing the state of consciousness and awareness.	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	W/C/BUNA
D.W22.	principles of patient nutrition, including dietary treatment, pre- and postoperative indications according to the comprehensive perioperative care protocol to improve treatment outcomes (Enhanced Recovery After Surgery, ERAS);	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	W/C/BUNA
D.W23.	factors increasing perioperative risk;	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	W/C/BUNA
D.W24.	principles of preparing a patient for emergency and planned surgery, in one-day surgery, and principles of patient care after surgery to prevent early and late complications;	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	W/C/BUNA
D.W28.	Describes standards and procedures for emergency situations and life-saving procedures.	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	W/C/BUNA
D.W29.	principles of patient observation after surgery, including basic and extended monitoring;	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	W/C/BUNA
D.W30.	Describes the methods of anesthesia and the principles of care for the patient after anesthesia;	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	W/C/BUNA

D.W31.	Characterizes the pathophysiology and clinical manifestations of life-threatening diseases (respiratory failure, circulatory failure, nervous system failure, shock, sepsis).	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	W/C/BUNA
D.W32.	Presents methods and scales for assessing pain, sedation level, sleep disorders, and delirious states in patients with life-threatening conditions.	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	W/C/BUNA
D.W33.	Presents methods and techniques for communicating with a patient who is unable to establish and maintain effective communication due to their health condition or treatment.	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	W/C/BUNA
D.W34.	Knows the principles of prevention of complications associated with the use of invasive diagnostic and therapeutic techniques in patients in critical condition.	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	W/C/BUNA
D.W35.	principles of first aid and resuscitation algorithms in the field of basic life support (BLS) and advanced life support (ALS);	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	W/C/BUNA
D.U9.	Provides the patient with oxygen on an ad hoc basis and monitors his condition during oxygen therapy.	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	Ć/ZP/PZ
D.U10.	Performs electrocardiographic examination and recognizes life-threatening disorders.	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	Ć/ZP/PZ
D.U12.	Prepares the patient physically and mentally for diagnostic tests.	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	Ć/ZP/PZ
D.U13.	Issues referrals for specific diagnostic tests.	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	Ć/ZP/PZ
D.U15.	Documents the patient's health situation, the dynamics of its changes and the nursing care provided, taking into account IT tools for data collection.	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	Ć/ZP/PZ/
D.U17.	Provides enteral nutrition (via tube and feeding tube) and parenteral nutrition to adults and children.	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	Ć/ZP/PZ
D.U18.	Recognizes complications of pharmacological, dietary, rehabilitation and medical-nursing treatment.	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	Ć/ZP/PZ
D.U19.	Nursing a patient with an intestinal fistula and an endotracheal and tracheotomy tube.	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	Ć/ZP/PZ
D.U22.	Provides information to members of the therapeutic team about the patient's health status.	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	Ć/ZP/PZ

D.U23.	Assists the physician during diagnostic tests.	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	Ć/ZP/PZ
D.U24.	Assesses the level of pain, the patient's response to pain and its severity, and applies pharmacological and non-pharmacological pain management.	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	Ć/ZP/PZ
D.U25.	Is able to follow the procedure with the body of a deceased patient;	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	Ć/ZP/PZ
D.U26.	Prepares and administers medications to patients in various ways, independently or as directed by a physician.	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	Ć/ZP/PZ
D.U27.	provide first aid in situations of immediate life-threatening situations;	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	Ć/ZP/PZ
D.U30.	perform basic life support for adults and children and use an Automated External Defibrillator (AED) and device-free airway management using available supraglottic devices	<i>Written and/or oral examination, completion of a given task, project or oral response</i>	Ć/ZP/PZ
O.K1.	Is guided by the patient's well-being, respects the dignity and autonomy of persons entrusted with care, shows understanding for ideological and cultural differences and empathy in the relationship with the patient and his family.	<i>extended observation by the supervising teacher; 360° evaluation (opinions from teachers, colleagues, patients, other collaborators); Self-assessment</i>	W/Ć/ZP/PZ/ BUNA
O.K2.	Respects patient rights and maintains the confidentiality of patient-related information.	<i>extended observation by the supervising teacher; 360° evaluation (opinions from teachers, colleagues, patients, other collaborators); Self-assessment</i>	W/Ć/ZP/PZ/ BUNA
O.K3.	Independently and reliably performs his/her profession in accordance with the principles of ethics, including respecting moral values and obligations in patient care.	<i>extended observation by the supervising teacher; 360° evaluation (opinions from teachers, colleagues, patients, other collaborators); Self-assessment</i>	W/Ć/ZP/PZ/ BUNA
O.K4.	Takes responsibility for the professional activities performed.	<i>extended observation by the supervising teacher; 360° evaluation (opinions from teachers, colleagues, patients, other collaborators); Self-assessment</i>	W/Ć/ZP/PZ/ BUNA
O.K5.	Seek expert advice if you have difficulty solving a problem on your own.	<i>extended observation by the supervising teacher; 360° evaluation (opinions from teachers, colleagues, patients, other collaborators); Self-assessment</i>	W/Ć/ZP/PZ/ BUNA

O.K6.	Anticipates and takes into account factors influencing own and patient's reactions.	<i>extended observation by the supervising teacher; 360° evaluation (opinions from teachers, colleagues, patients, other collaborators); Self-assessment</i>	Ć/ZP/PZ/ BUNA
O.K7.	Notices and recognizes own limitations in terms of knowledge, skills and social competences and performs self-assessment of educational deficits and needs.	<i>extended observation by the supervising teacher; 360° evaluation (opinions from teachers, colleagues, patients, other collaborators); Self-assessment</i>	W/Ć/ZP/PZ/ BUNA
*W-lecture; S-seminar; K-conversations; Ć-exercises; ZP-practical classes; PZ-professional internships; BUNA-independent student work			

#### EXAMPLES OF METHODS FOR VERIFYING LEARNING OUTCOMES

**in terms of knowledge (lectures/seminars):** andoral exam (non-standardized, standardized, traditional, problem-based); written exam – the student generates / recognizes the answer (essay, report; short structured questions /SSQ/; multiple choice test /MCQ/; multiple answer test /MRQ/; matching test; Y/N test; answer completion test),

**in terms of skills (exercises/conversations):** Practical exam; Objective Structured Clinical Examination /OSCE/; Mini-CEX (mini – clinical examination); Realization of assigned task; Project, presentation

**in the field of social competences:** reflective essay; extended observation by supervisor/lead teacher; 360° feedback (opinions from teachers, colleagues, patients, other collaborators); Self-assessment (including portfolio)

**BUNA** –the student's own work is verified by assessing the degree to which the assumed learning outcomes have been achieved: a test checking the student's knowledge of the topics specified in the syllabus, but also through term papers, projects, presentations and any other mid-semester work.

#### PROGRAM CONTENT TABLE

Program content	Number of hours	Relating learning outcomes to CLASSES
<b>LECTURES, semester IV</b> <b>Nursing Content: 1, 3, 6</b> <b>Clinical Content: 2, 4-5, 7-8</b>		
1. Anesthesiology, intensive care, intensive medical care – subject of teaching, medical and nursing specialization.	2	D.W3-4., D.W10., D.W18., D.W22-24.
2. Pain – definition, pathophysiology, methods of assessing pain intensity, clinical assessment of a patient with pain, divisions of pain.	2	D.W28.-35., O.K1-5., O.K7.
3. Preparing the patient for anesthesia and elective and emergency surgery.	2	
4. General anesthesia. General anesthetics.	1	
5. Regional anesthesia. Pharmacology of local anesthesia.	2	
6. Patient care after anesthesia and surgery.	2	
7. Acute respiratory failure, acute renal failure – causes, diagnosis, clinical symptoms, treatment.	2	
8. Shock – definition, classification, types, pathophysiology, diagnosis and treatment.	2	
<b>EXERCISES, semester IV</b> <b>Nursing Content: 2, 4</b> <b>Clinical Content: 1, 3, 5-6</b>		
1. Anesthesia. Anesthesia risk assessment. Patient preparation.	3	D.W3-4., D.W10., D.W18., D.W22-24.
2. Patient care after anesthesia and surgery.	3	D.W28.-35., D.U9-10., D.U12-13., D.U15., D.U17-19., D.U22-27., D.U30., O.K1- 7.
3. Basic life support for adults and children.	2	
4. Intensive care unit – organization and functioning.	3	
5. Qualification of patients and treatment methods in intensive care.	3	
6. Acute respiratory failure. Airway management techniques.	2	
<b>PRACTICAL CLASSES, semester IV, V</b> <b>Nursing Content: 1-2, 5-7</b> <b>Clinical Content: 3-4</b>		

1. Organization of the anesthesiology and intensive care department.	10	D.U9-10., D.U12-13., D.U15., D.U17-19., D.U22-27., D.U30., O.K1-7.  <b>Learning outcomes achieved using simulation methods: U9., D.U10., D.U19., D.U27.</b>
2. Monitoring the quality and efficiency of equipment, materials and apparatus.	10	
3. Operating medical equipment used in the intensive care unit.	14	
4. Storage of medicines in accordance with standards.	10	
5. Duties of an anaesthesiological nurse in the operating theater.	12	
6. The specifics of work in the recovery room.	10	
7. Standards and procedures of nursing procedures used in the care of patients in life-threatening situations. Classes partially conducted in simulated conditions.	14 (4 h in medical simulation conditions)	
<b>PROFESSIONAL INTERNSHIP, semester IV, V</b>		
1. Learning the ICU environment, principles related to patient care, patient documentation kept in the department, Improving communication with a patient with an intubation and tracheostomy tube, an unconscious patient, the therapeutic team and the patient's family. Improving monitoring of the patient's health condition without and with the use of instruments, documenting measurements, assessing and analyzing measurements and observations.	20	D.U9-10., D.U12-13., D.U15., D.U17-19., D.U22-27., D.U30., O.K1-7.
2. Improving the skills of continuous monitoring and collecting information about the patient's health status, analyzing the collected information, formulating a nursing diagnosis, defining nursing goals, taking into account the changing disease situation of the patient.	20	
3. Nursing care with particular attention to the efficiency of the respiratory system, maintaining the patency of the airways and preventing complications.	20	
4. Comprehensive care for an unconscious patient in a life-threatening condition, with particular emphasis on the patient's subjectivity and respect for his rights.	20	
<b>BUNA – independent student work, semester IV</b>		
1. Nursing care for a patient with acute respiratory failure.	2	D.W3-4., D.W10., D.W18., D.W22-24., D.W28.-35., O.K1-5., O.K7.
2. Caring for the mechanically ventilated patient.	1	
3. Nursing care for a patient with acute circulatory failure.	2	
4. Nursing care of a patient with acute renal failure.	2	
5. Caring for an unconscious patient.	2	
6. Nursing care for a patient in shock.	1	
<b>LITERATURE LIST</b>		
<b>Basic literature:</b>		
1. Dyk D., Gutysz-Wojnicka A., <i>Pielęgniarstwo anestezyjologiczne i intensywnej terapii</i> , PZWL, Warszawa 2018.		
2. Kamiński B., Kubler A., <i>Anestezjologia i intensywna terapia</i> , PZWL, Warszawa 2020.

<b>Method of passing and forms and basic assessment criteria/examination requirements</b>		
<b>How to pass</b>		
— Exam - lectures		
— Graded exam – exercises		
— Graded exam - practical classes		
— Pass without grade - professional practice		
— Pass without grade – BUNA		
<b>Forms and criteria for passing</b>		
PASSING A SUBJECT - THE SUBJECT ENDS WITH AN EXAMINATION		

**Lecture**

The basis for obtaining credit is:

- 100% attendance; confirmed by an entry on the attendance list,
- a possible 10% absence will be compensated in an individual manner agreed with the teacher.

**Exercises**

The basis for obtaining credit for a grade is:

- 100% attendance; confirmed by an entry on the attendance list (absence excused in the event of a student's illness documented by a sick leave or other unforeseen circumstances and making up the classes at another time),
- active participation in exercises (showing interest in the issues discussed and taught during the exercises),
- passing the colloquium – written or oral,
- correct completion of applicable nursing documentation,
- correct preparation of a written work - a nursing care plan/nursing process for a patient with a selected nursing diagnosis (positive BUNA assessment),
- correct attitude towards the simulated/standardized patient, colleagues, teacher, profession and science and regulations.

**Practical**

The basis for obtaining credit for a grade is:

- 100% attendance; confirmed by an entry on the attendance list (absence excused in the event of a student's illness documented by a sick leave or other unforeseen circumstances and making up the classes at another time),
- active participation in practical classes,
- positive assessment of learning outcomes in terms of social skills and competences,
- correct completion of applicable nursing documentation,
- correct development of the patient care process, correct description of the nursing report,
- correct attitude towards the patient, the therapeutic team and colleagues, the profession and science, and the regulations,

**Professional practice**

The basis for obtaining credit is:

- 100% attendance; confirmed by an entry on the attendance list (absence excused in the event of a student's illness documented by a sick leave or other unforeseen circumstances and making up the classes at another time),
- active participation in professional internships,
- positive assessment of learning outcomes in the field of social skills and competences (principles, efficiency, effectiveness, independence, communication, attitude),
- correct completion of applicable nursing documentation,
- correct development of the patient care process, correct description of the nursing report,
- correct attitude towards the patient, the therapeutic team and colleagues, the profession and science and the regulations.

**KNOWLEDGE ASSESSMENT CRITERIA****Knowledge assessment criteria - test**

Rate	Very good (5.0)	Good plus (4.5)	Good (4.0)	Sufficient plus (3.5)	Satisfactory (3.0)	Insufficient (2.0)
% correct answers	93-100%	85-92%	77-84%	69-76%	60-68%	59% and less

**Knowledge assessment criteria - oral response**

No.	Criterion	Number of points 0-5
1.	Correctness of the answer	
2.	Accuracy of problem recognition	
3.	Current medical and health science knowledge	
4.	Interdisciplinary knowledge	
5.	Correctness of medical/professional vocabulary	
6.	Independence and creativity in proposing solutions	
7.	Together	

\*Obtaining 0-1 points in any criterion results in an insufficient grade

Number of points and rating:

30-28 - very good (5.0) - the student provides a fully exhaustive and correct answer to the question asked, freely uses substantively correct scientific language, taking into account current medical knowledge in the oral answer, demonstrates ease in solving problems resulting from the task, skillfully combines knowledge from various scientific fields, demonstrates originality of own thoughts.

27-25 - plus good (4.5) - the student provides the correct answer to the question asked, uses scientific language, taking into account current medical knowledge in the oral answer, solves problems arising from the task, combines knowledge from several scientific fields.

24-22 - good (4.0) - the student basically provides an independent answer that contains most of the required content, a few errors in the answer are permissible (secondary from the point of view of the topic), uses current medical knowledge requiring minor supplementation, the answer is correct in terms of scientific language, the accuracy of recognizing problems requires minor improvement, the answer should include the student's independent conclusions.

21-19 - plus satisfactory (3.5) - the student basically provides an independent answer that contains most of the required content, makes few, primary errors in the answer, the student knows the most important facts and is able to interpret them and identify the most important problems, uses medical knowledge that is not always up-to-date, in the answer takes into account knowledge only from a given field, makes errors in the use of scientific language, requires help in drawing conclusions.

18-16 - satisfactory (3.0) - the student gives an answer that contains part of the required information, making mistakes, but with the teacher's help, he corrects his answer, both in terms of substantive knowledge and the way it is presented, however, the student knows the basic facts and, with the teacher's help, gives an answer to the question posed.

### CRITERIA FOR ASSESSING INDIVIDUAL ELEMENTS OF SOCIAL SKILLS AND COMPETENCES

**Criteria for assessing practical skills**(0-2 points for each element): principles, efficiency, effectiveness, independence, communication, attitude.

*A student receives a pass/positive grade when obtaining at least 6 points for the learning elements.*

Number of points	Criteria for assessing individual elements of the activity (task/exercise performance) by the student					
	Rules* (pts. 0-2)	Efficiency* (pts. 0-2)	Effectiveness* (pts. 0-2)	Independence* (pts. 0-2)	Communication* (pts. 0-2)	Attitude* (pts. 0-2)
2	follows the rules, proper technique and the order of execution activities	performs activities confidently and energetically	procedure takes into account the situation patient, achieves the goal	plans and carries out activities independently	correct, independent, effective content selection	analyzes his behavior, works with the team therapeutic, full identification with professional role
1	he observes rules after Direction	the activities are performed not very sure, after a short while contemplation	does not always take into account health situation patient, achieves the goal after Direction	requires reminders and orientation in some activities	requires guidance, orientation in content selection	has difficulty in critical evaluation and analysis of your behavior, in cooperation with the team therapeutic and in identification with professional role
0	does not comply rules, chaotic performs actions	the activities are performed uncertainly, very slow	does not take into account individual situation patient, does not achieve the goal	requires constant guidance and reminders in every action	can't keep up verbal contact with the patient	can't critically evaluate and analyze his behavior, he does not cooperate with the therapeutic team, no identifies with professional role
Number of points obtained						

Source: W. Ciechaniewicz: Shaping practical skills of nursing school students. CKPPIP, Warsaw.

\*Obtaining 0 points in any assessment element prevents the practical skills from being given a positive assessment.

RATING SCALE:

11-12 points - very good (5.0)

9-10 points - db plus (4.5)

8 points - db (4.0)

7 points - dst plus (3.5)

6 points - dst (3.0)

5 points and below -ndst (2.0)

### Criteria for assessing the elements achieved in the nursing process

No.	Elements of nursing process evaluation	Number of points 0-2
	Ability to collect and analyze information regarding the patient's health situation*	
	Ability to formulate a nursing diagnosis*	
	Ability to define goals of care*	
	Ability to plan activities appropriate to the health situation of the patient and family*	
	Implementation of planned activities in accordance with current standards of providing nursing services*	
	Independence and creativity in proposing solutions*	
	Ability to evaluate the nursing process and formulate conclusions for further care of the patient by him/herself and/or his/her family/caregivers*	
	Ability to use correct medical terminology*	
	Ability to write aesthetically in patient records*	
	Together	

\*Obtaining 0 points in any element of the assessment prevents the nursing process from being given a positive assessment.

Number of points and rating

36-40 - very good (5.0)

32-35 - plus good (4.5)

28-31 - good (4.0)

24-27 - plus sufficient (3.5)

20-23 - satisfactory (3.0)

0-19 - insufficient (2.0)

### Criteria for assessing achievement items in the nursing report

No.	Nursing Report Assessment Elements	Scoring	Number of points obtained
	Assessment of the patient's general condition*	0-2	
	Assessment of the patient's biological condition (implementation and evaluation of activities)* -omitting an important issue will result in getting an insufficient grade on the report	0-8	
	Assessment of mental state (implementation and evaluation of activities)*	0-5	
	Assessment of the social status (implementation and evaluation of activities)	0-3	
	Ability to evaluate the effects of completed activities and formulate recommendations for the next shift*	0-3	
	Correctness of medical/professional vocabulary, aesthetics of work*	0-2	
	Together		

\*Obtaining 0 points in any criterion results in an insufficient grade.

Number of points and rating:

23-21 - very good (5.0)

20-19 - good plus (4.5)

18-17 - good (4.0)

16-14 - sufficient plus (3.5)

13-12 - satisfactory (3.0)

11-0 - insufficient (2.0)

### Criteria for assessing student attitude

No.	Assessment of student attitude elements	Scoring	Number of points obtained
	Attitude towards the patient: tact, culture, tolerance towards the patient and his family, understanding the individual needs of the patient and family, taking action to support the patient, sensitivity to the problems of the patient and his family, understanding, patience, respecting the patient's rights*.	0-8	
	Attitude towards the therapeutic team: personal culture of the student, kindness towards colleagues, staff, ability to work in a team (communicating with people and listening to others, attempting to solve difficult situations)*.	0-6	
	Attitude towards the profession and learning: commitment to nursing	0-6	

	work (motivation to work, interest, improving the quality of services provided), improving work methods and organisation (accuracy, independence in decision-making, adapting to changes in the environment), level of professional aspirations (enrichment of medical knowledge, interest in the directions of development of nursing care, motivation for continuous learning), self-assessment of one's own behaviour (attitude towards errors, taking responsibility, self-assessment of the level of knowledge, skills and possibilities)*.		
	Student attitude towards regulations: punctuality, avoiding absenteeism, compliance with the regulations of the institution/unit and classes conducted, proper uniform, aesthetic appearance*.	0-3	
	Together		

\*Obtaining 0 points in any criterion results in an insufficient grade.

Number of points and rating:

- 23-21 - very good (5.0)
- 20-19 - good plus (4.5)
- 18-17 - good (4.0)
- 16-14 - sufficient plus (3.5)
- 13-12 - satisfactory (3.0)
- 11-0 - insufficient (2.0)

### FINAL SUBJECT EXAM

- The condition for admission to the exam is to obtain a positive assessment of lectures and exercises, practical classes, professional practice and BUNA.
- The exam is in the form of a written test, multiple choice test /MCQ/ with one correct answer (each correct answer is worth 1 point, no answer or incorrect answer is worth 0 points, at least 60% of correct answers qualifies for a positive grade.

### Test Grading Criteria

Rate	Very good (5.0)	Good plus (4.5)	Good (4.0)	Sufficient plus (3.5)	Satisfactory (3.0)	Insufficient (2.0)
% correct answers	93-100%	85-92%	77-84%	69-76%	60-68%	59% and less

and/or oral response

Assessment criteria – oral response

Rate	Criterion
Very good	Correct, complete, independent answer to 3 questions asked to the student by the instructor
All right	Correct answer, requiring slight guidance from the teacher, to 3 questions asked to the student
Sufficient	Correct, incomplete, requiring significant guidance from the teacher, answer to 3 questions asked to the student
Insufficient	No answer or incorrect answer to any of the 3 questions asked to the student

### FINAL SUBJECT GRADE:

- the exam constitutes 60% of the final grade of the subject
- the remaining 40% is the average of grades from other forms of classes

The final grade is calculated according to the following criteria:

- 3.0 -3.24 – satisfactory (3.0)
- 3.25 -3.74 – satisfactory (3.5)
- 3.75 -4.24 – good (4.0)
- 4.25-4.74 – good plus (4.5)
- 4.75 -5.0 – very good (5.0)

Conditions for making up classes missed due to justified reasons:

Making up missed classes is only possible in the case of a student's illness documented by a medical certificate or other random reasons. The excuse for classes and the crediting of the material covered by lectures, exercises, practical classes during the period of absence is made by the lecturer conducting the classes, and the coordinator of the internship is responsible for the professional practice.

Both a student returning from dean's leave and a student repeating a year are required to attend all classes and take a credit/exam. Only if the credit/exam in a given year is graded at least satisfactory (3.0) can a student repeating a year due to another subject be exempted from the obligation to attend classes and take and pass the subject.

**Approval: Vice-Rector for Education**
